Monday: Data Integrity

Agenda

5 min: Introduction and Overview

30 min: Suggested Readings

1hr 25min: Data Integrity Exercise

Specific Learning Outcomes

Below are the specific learning outcomes for this session:

- I can understand the concept of data integrity.
- I can recognize, identify and consider potential root causes that may lead to data integrity issues,
- I can grasp the impact that data integrity has on processes, product, and various stakeholders.

Overall Learning Outcome

The overall learning outcome for this session is as follows:

- Evaluate the integrity of data by making decisions on data quality issues.

Overview

This session provides a brief introduction to the concepts of data integrity. The session has been designed to provide us with clarity to data integrity and to data integrity dilemmas and decision making. By the end of the session, we should be able to determine patterns and themes that can help us and our organizations mitigate data integrity issues.
